Introduction

MPG has checked that a declaration on compliance and/or authorization is not required under national law for collecting and processing personal data as described in the proposal.

Therefore, this deliverable provides a statement from the designated Data Protection Officer (Dr. Reinhard K. KREMER) that all personal data collection and processing will be carried out according to EU and national legislation must be kept on file.

Detailed information on the procedures for data collection, storage, protection, retention, and destruction, and confirmation that they comply with national and EU legislation must can be found in detail in MPG regulations and instructions.
